ORGANIZATION

DentaQuest is a purpose-driven oral healthcare company dedicated to improving oral health. The company manages dental and vision benefits for 30+ million Americans and provides direct patient care through their network of more than 80 oral health centers in 6 states. They provide outcomes-based, cost-effective dental solutions for Medicaid and CHIP, Medicare Advantage, small and large businesses, and individuals nationwide. The company has also invested more than \$230 million in grants and programs to achieve measurably healthier communities across the country.

ROLE SUMMARY

Reporting to the Executive Vice President Medicaid, Underwriting & Government Outcomes, this is an outstanding opportunity for a talented leader in practice management to assume a national role overseeing DentaQuest's vast network of oral health providers serving the government markets of Medicaid and Medicare patients. The VP Network Management will be a key internal and external leader responsible for developing and executing the strategy to maximize the provider experience and performance to help achieve enterprise goals and to further DentaQuest's quadruple aim (lower cost, higher quality, better member experience, better provider experience).

We support diversity and inclusion efforts across every level of our business—from our employees, to our suppliers, contractors and vendors, because it is important to us that our company reflects the vibrant, diverse communities that we serve.
